Wrinkles Around the Eyes

Are usually caused by defective sight. Many women, and likewise men, look prematurely old from these wrinkles. The wrinkles in many cases can be removed by wearing correctly fitted glasses. To fit glasses correctly demands a thorough knowledge of refraction and the necessary instruments. We have both; hundreds of satisfied customers will say so.

IN BLOOMING BEAUTY.

The Chrysanthemum Show at Hagan's Auditorium.

A Telegram man made a hurried visit today to the splendid flower show at Hagan's auditorium gotten up by the ladies of West Market street church. All who attended the magnificent display at the McAdoo building last year will want to see this one. The good ladies have more room than they had last year and all can have a better opportunity to view the many and charming varieties of chrysanthemums and other flowers there displayed.

We believe no one will complain if we fail to mention every creditable exhibit there made and mention especially the charming display made by Mr. J. Van Lindley. We believe, truly, that we have never seen finer, richer blooms of various kinds of choice flower than he has shown from his floral department at Pomona.

We should feel wretchedly ungrateful if we failed to mention the department arranged by the ladies for feeding the hungry. We were ushered into a spacious dining room, dotted with numerous tables, with clean, white linen, comfortable chairs and (which is a charming feature) beautiful young ladies as waiters. We were so charmed that really we had almost finished dinner before we noticed the variety and quality of food. It was a dinner fit for anybody and at the low price of 25 cents—30 cents with coffee.

Oysters are served in any style. Don't fail to pay particular attention to the eating works when you call.
Going to the dining room you pass through, around and among (you pass anyway) the beautiful and charming picture of flowers of all sizes, color and variety. As you come from the dining room the same picture greets you and as you leave the building you want to return and there abide. It's lovely.

Muster Out Today and Tomorrow.
Surgeon J. K. Stockard and Assistant Surgeons Brooks and Bernard, of the Second regiment, are here today and will muster out Capt. Gray's company. The boys from other places, who joined this company, all came in this morning and seem glad at the prospect of being free from their Uncle Sam. This is not caused by hardship the boys of Capt. Gray's company have undergone, for they considered themselves the best managed company in the regiment, but a dislike for army life at its best.

One of The Strongest.

Another large audience was present at the Academy of Music last night, to witness the presentation of "Brother against Brother" by Leonzo Bros.

This is one of the strongest plays possibly ever staged in Danville by a repertoire company, and the audience was highly pleased at the manner in which it was presented by this company last night—Danville Register.

The above named piece will be put on at the Academy here tonight. Doors open at 7:30; performance begins at 8:15.

Grand Musical Treat.

The Metropolitan Concert Company of New York, will appear at the Academy of Music, in this city, Tuesday evening Nov. 15th. This is a thoroughly high class attraction, being composed of the leading New York artists of today, who have been highly commended by the most exacting critics of our great northern cities.

Their concerts are of the actual meritorious type which never fail to delight the most cultured audiences and lovers of music.

THE WILMINGTON TROUBLE.

The Negro Editor's Office Demolished This Morning.

A LITTLE SHOOTING OCCURRED.

Three White Men Wounded and Four Negroes Killed in the Extent of Damage Reported.

Special to the Telegram.

There is considerable excitement and great anxiety in Greensboro today over the situation in Wilmington. The negro editor, Manly, who, several weeks ago, wrote the most slanderous editorial ever published, concerning white women of North Carolina, was yesterday notified that he must leave the city in twenty-four hours. Events taking place to-day show that heeded not the warning. The first news received in Greensboro to-day was a telegram from Mr. S. H. Fishplate, ex-mayor of Wilmington, to Mr. R. I. Katz, of this city, which reads as follows:

"Five hundred armed men have gone to the office of the Record, and destroyed the building and its contents. The town is all in arms and the whites are fully protected. Business has entirely suspended. We are well and fear no danger."

ANOTHER REPORT.

Wilmington, Nov. 10.—The negroes not having complied with the demands of the business men by 7:30 o'clock this morning, the "time fixed," six hundred white men assembled on Market and Fifth streets at 8:30 and marched to the office of the Daily Record, the negro newspaper, destroying the building and all the material.

The building took fire, but some assert that this was accidental. The leaders sent for the fire department and the flames were confined to the Record building. On the south and twenty feet distant was a large negro church, and on the north twelve feet away a building occupied by negroes.

The excitement is intense and it is feared the negroes will attempt to retaliate tonight. The streets are full of armed white men, and at least a thousand will be on guard tonight. The column that moved on the Record office was composed of the best citizens of the city including clergymen.

ANOTHER PRIVATE DISPATCH.
The following message was received by Hon. A. M. Scales in answer to a query:

Wilmington, Nov. 10.—Manly's press was destroyed this morning. A disturbance afterward took place in Brooklyn, a suburb, in which three white men were wounded and four negroes were killed. The trouble was promptly suppressed by citizens and the town is now perfectly in hand. All is safe.

LATER.

Wilmington, Nov. 10.—(Special.)—The negro who fired the first shot has been lynched.

QUIET RESTORED.

Wilmington, Nov. 10.—Quiet has been restored, the Brooklyn negroes are returning home and the whites are disarming.

The Russell Incident.

Maxton, Nov. 9.—Governor Russell was met here by a crowd of enthusiastic democrats, fresh from victory. While the train stopped here they crowded in the car and gave him three cheers and did a little innocent geying but offered no indignities to his person. Governor Russell took it good humoredly and asked humorously: "Where are all the populist boys that used to be here?" This is the whole matter.—Special to Charlotte Observer.

Duel About Nothing.

Vienna, Nov. 10.—Griewosz, a Polish member of Reichsrath, was wounded by Wolf, an ultra-German leader, in a duel this morning. Griewosz was angered by Wolf's remarks about the Poles and called him a man unworthy of a Pole's notice, and the challenge followed.

Cavalry Go to Porto Rico.

Savannah, Ga., Nov. 9.—The United States transport Michigan sailed at 2:30 today with six troops of the Fifth United States cavalry under command of Col. C. C. Carr, for Ponce, Porto Rico. She carried about six hundred horses and 585 men.

HIGH POINT, N. C. Nov. 10

J. H. Leame, advance agent for the Metropolitan Concert Company, of New York city, and wife were here today making arrangements for their company to give a concert here next Wednesday evening, Nov. 16th, in the opera house. They have with them Miss Julie Valette, Prima donna soprano, Miss Jeanie Benson, the noted violinist, Mr. Carl Rieck, the renowned tenor and Arthur Freeman, pianist. The leading papers of this country and Germany, speak of this company as consisting of the finest singers on the concert stage today.

Jim Little and C. S. Garland bagged 51 quail, 9 hares and one squirrel last before yesterday.

The windows of Sapp's racket store which are always two of the most attractive in the city, are now filled with 400 odd pieces of the best grade of chinaware which is offered at fifty cents on the dollar. Go and see them and be benefited thereby.

Rev. H. W. Jones, of Greensboro, preached an able sermon here last night in the Episcopal church to a fair sized congregation.

There being some other attraction in town last night, and the people not quite through with politics, the attendance at the opening of Woody Boos singing school was not so large, but several new members were added to the class. Enough has joined however to justify them to continue the school. From the testimonials from those who have attended their schools at other places and the praise from newspapers, they deserve a large class here and they will get it. They will teach every night in the lecture room of the M. E. church.

Mr. F. N. Tate, the newly appointed agent of the Southern agent at Charlotte, left this morning to enter upon his duties there. His family will remain here for the present, we are glad to state, therefore, we will get to see "Fred" right often.

Herbert C. Fleida, the former cashier in the Southern depot here, has been endorsed by all of the business men in the city to succeed Mr. Tate as agent. He has been appointed acting agent, and we trust will soon be appointed permanent agent, for he is an obliging and efficient young man and well deserves the promotion.

The steel cells for the new guard house arrived and will be put in as early as possible.

The Brokaw telephone was put in yesterday and works all right. This is the longest line connection with High Point, it being nine miles in length.

A man beat a friend out of a Telegram here last night and immediately begun growling about it having no dew to amount to anything about the election. He was not aware of the fact that the Telegram issued an extra early yesterday morning containing the election news.

Don't forget the supper at Jarrell's Hotel tomorrow night between 9 and 12. Tickets for both ladies and gentlemen 50c.

There is nothing like a man having a reputation. Last night Mr. Wescott Roberson received a letter from Chapel Hill wanting him to come to that place to help prosecute the parties who lynched the negro there a few days ago that eloped with a white man's wife.

The large French plate glass for the front of the new buildings opposite the post office have arrived, and will soon be put in.

Had a Calming Effort.

By Cable to THE TELEGRAM.

London, Nov. 10.—A despatch to the Central News from Paris, says that Lord Salisbury's speech at the Mansion House last evening, had a calming effect upon the French press, which has adopted a more moderate attitude though some complain of finding in the speech and tones of the victor a declaration that England's position for the present will remain unaltered as to Egypt.

The Mohegan Inquiry.

By Cable to THE TELEGRAM.
London, Nov. 10.—The board of inquiry into the loss of the Mohegan began today. The vessel had been twice surveyed within three months and carried eight boards and three compasses.

French Ships Fitting Out.

By Cable to THE TELEGRAM.

Paris, Nov. 10.—Matin says the council of admirals has decided to fit out all French war vessels available and thirty reserve ships have been ordered into commission.

THE BOASTFUL ASSASSIN.

The Man Who Murdered The Empress on Trial.

WISHES TO SUFFER THE PENALTY

Lucheni Bids His Council Not To Plead a Single Etenuating Circumstance.

By Cable to THE TELEGRAM.

Geneva, Nov. 10.—After many days the trial of Lucheni, the assassin of the Empress, began today. Justice Burgess presided. Lucheni begged his counsel, Pierre Morland, not to plead a single extenuating circumstance in his behalf. He insists that his crime is a political one, having been long premeditated, and boastfully declares that he wishes to suffer the full penalty of the law.

THEY GET BETTER.

The Election Returns From Over the State.

From most of the counties in the state the election returns are all in and the democratic majority for the judicial ticket is placed at 25,000. All democratic candidates for congress are elected except in the second and eighth districts.

The next Senate will be composed of about forty democratic members, and the house will have upwards of ninety. R. B. Glenn is elected from Forsyth, Rowan and Davidson. J. C. Black, from Moore and Randolph by a small majority, possibly less than one hundred.

Advices received today indicate the majority of Kitchin for congress, and Brooks for solicitor will not be materially changed by the official count. They will range about two thousand with Brooks a little in the lead.

The news still sounds good and the people will rejoice for many a day yet at the rescue of North Carolina, from incompetency and corruption.

Help For Wilmington.

A special train was sent down from Fayetteville today carrying over a hundred armed men to help suppress the riot in Wilmington. It is to be hoped they were not needed, but gratifying to know they are on hand in case of emergency.

The trouble in Wilmington today caused rumors to the effect that the negroes would undertake to burn Greensboro. We are frank to say we do not believe a word of it. The feeling between the races here is of the best. There is no evidence of bad feeling anywhere in our borders, and we believe there is no danger.

Trouble in South Carolina.

By Wire to THE TELEGRAM.

Columbia, S. C., Nov. 10.—The whites remain armed and ready momentarily to quell any black uprising, which they have sworn to do in the event of black supremacy. The quarrels resulting in the killing of ten about Greenwood and Phoenix cowed the blacks, though their leaders are threatening to reorganize and surround the whites, which means a desperate battle.

The House Republican.

By Wire to THE TELEGRAM.

Washington, Nov. 10.—The latest returns indicate the house will be republican. They seem to have elected one hundred and eighty members, the democrats one hundred and sixty and the populists eight. The republican majority in the senate will be sixteen.

As Heard in Washington.

By Wire to THE TELEGRAM.

Washington, Nov. 10.—A riot broke out in Wilmington at 11:30 a. m. today all business is closed. The latest news that can be ascertained, is that three whites were wounded, and four negroes were killed. A general uprising is looked for.

Yellow Fever in New York.

By Wire to THE TELEGRAM.

New York, Nov. 10.—Bernard Keetlin, who arrived on the transport Panama, is isolated in the Willard hospital with yellow fever.

Bellamy's Majority.

Wilmington, N. C., Nov. 9.—Bellamy, democrat, carries every county in his district except Brunswick, which he loses by 11 votes. His majority in the district is about 6,000. This is a gain of 11,000 over 1896 and makes the Sixth the banner district.

Durham, N. C., Nov. 9.
Hon. William McKinley, President, Washington, D. C.:
Men with white skins, sons of revolutionary ancestors, who drafted the original magna charta of American Independence, lovers of the Union and the Constitution, and associates of the fathers of Bagley, Hobson and Blue, are leading the victorious column this morning and will rule North Carolina ever hereafter. PROPHETIC WORDS.

On the 20th of last September there appeared in this paper a communication written by Mr. Alex Pleasants, of this city, for twenty-five years a staunch republican, in which the following paragraph appeared:

"The edict is gone forth. No human hand can stay the onslaught. The handwriting is seen on the wall in unmistakable characters and it reads defeat. Here I will let the curtain drop, to be rung up again on the morning of the 8th of November, when behind the scenes will be found waiting thousands of dissatisfied voters with ballots in their hands that will appear very queer to the eye."

His prediction has come true. Thousands of men voted the democratic ticket this time who never voted it before. In the light of subsequent events Mr. Pleasants' words, on the 20th of September have the ring of prophecy. The campaign managers, candidates and the public generally, while expecting a victory had no sort of idea that it would be so overwhelming. Yet, Mr. Pleasants, a republican, and a quiet, unpretentious citizen, said nearly two months ago that it was coming.

And that he prophesied the truth we are all happy and proud to admit.

When Capt. Forbis said in his speech yesterday as reported in this paper that the only thing left for him to do was to "get in the middle of the road and go home," he did not mean back to the democratic party as was to be inferred from our report yesterday. We make this statement in justice to Capt. Forbis; but we will say that he missed a brilliant opportunity to make what seemed to be a return home a reality.

In the News and Observer's election reports this morning the following appeared from Wilson: "Our town is the radiant scene of glorious exultation—there the message stopped. We take it that Henry Blount started to send the report and the wires melted."

It is generous and right to sympathize with a fallen foe, but it is awful hard to have any sympathy for Adams and Merritt. They hardly deserve it, but we are willing to let it go. Just think! Adams might have been holding court yet.

It is a time for rejoicing and congratulations. Without stopping to single out individuals we make it universal and send greetings and thanks to everybody for everything, and let it go at that.

THE DEFAMER MUST GO.

Mass Meeting of Wilmington Citizens Pass Resolutions.

Wilmington, N. C., Nov. 9.—There was a mass meeting of the business men of Wilmington today, attended by fully 800 of the best white citizens, at which the following resolutions were adopted:

"Believing that the constitution of the United States contemplated a Government to be carried on by an enlightened people; believing that its framers did not anticipate the enfranchisement of an ignorant population of African origin; and believing that the men of the state of North Carolina who joined in forming the Union did not contemplate for their descendants a subjection to an inferior race.

"We, the undersigned citizens of the city of Wilmington and county of New Hanover, do hereby declare that we will no longer be ruled, and will never again be ruled by men of African origin. This condition we have in part endured because we felt that the

consequences of the war of secession were such as to deprive us of the fair consideration of many of our countrymen.

"We believe that, after more than thirty years, that this is no longer the case.

TIME FOR NEGRO RULE PAST.

"The stand we now pledge ourselves to is forced upon us suddenly by a crisis and our eyes are open to the fact that we must act now or leave our descendants to a fate too gloomy to be borne.

"While we recognize the authority of the United States, and will yield to it if exerted, we would not for a moment believe that it is the purpose of more than sixty millions of our own race to subject us permanently to a fate to which no Anglo-Saxon has ever been forced to submit.

"We therefore, believing that we represent unequivocally the sentiment of the white people of this county and city, hereby for ourselves, and representing them, proclaim:

"First—That the time has passed for the intelligent citizens of this community, owning 95 per cent. of the property and paying taxes in like proportion, to be ruled by negroes.

"Second—that we will not tolerate the action of unscrupulous white men in affiliating with the negroes so that by means of their votes they can dominate the intelligent and thrifty element in the community, thus causing business to stagnate and progress to be out of the question.

"Third—That the negro has demonstrated by antagonizing our interest in every way and especially by his ballot, that he is incapable of realizing that his interests are and should be identical with those of the community.

THEY FAVOR WHITE LABOR.

"Fourth—That the progressive element in any community is the white population and that the giving of nearly all of the employment to negro laborers has been against the best interests of this county and city and is a sufficient reason why the city of Wilmington, with its natural advantages, has not become a city of at least 50,000 inhabitants.

"Fifth—That we propose in future to give to white men a large part of the employment heretofore given to negroes, because we realize that white families cannot thrive here unless there are more opportunities for employment for the different members of said families.

"Sixth—That the white men expect to live in this community peacefully, to have and provide absolute protection for their families, who shall be safe from insult from all persons, whomsoever. We are prepared to treat the negroes with justice and consideration in all matters which do not involve sacrifices of the interest of the intelligent and progressive portion of the community. But we are equally prepared now and immediately to enforce what we know to be our rights.

MANLY TO BE EXPELLED.

"Seventh—That we have been, in our desire for harmony and peace, blinded both to our best interests and our rights. A climax was reached when the negro paper of this city published an article so vile and slanderous that it would in most communities have resulted in the lynching of the editor. We deprecate lynching and yet there is no punishment provided by the laws adequate for this offense. We, therefore, owe it to the people of this community and of this city, as a protection against such license in future, that the paper known as the Record cease to be published and that its editor be banished from this community.

"We demand that he leave this city within twenty-four hours after the issuance of this proclamation. Second, that the printing press from which the Record has been issued be packed and shipped from the city without delay, that we be notified within twelve hours of the acceptance or rejection of this demand.

"If the demand is agreed to, within twelve hours we counsel forbearance on the part of all white men. If the demand is refused, or no answer is given within the time mentioned, then the editor, Manly, will be expelled by force.

INTENSE EXCITEMENT.

"It is the sense of this meeting that Mayor S. P. Wright, and Chief of Police J. R. Mullen, having demonstrated their utter incapacity to give the city a decent government and keep order therein, their continuance in office being a constant menace to the peace of this community ought forthwith to resign."

A committee of twenty-five citizens was appointed to direct the execution of the provisions of the resolutions. This afternoon there was a conference between the committee and a number of the most influential negroes of the city at which it was agreed that the negroes report to the committee at 7 a. m. tomorrow, as to whether or not editor Manly would comply with the requirements of the resolutions. If he does not, white men propose to go in full force at 8 a. m. and destroy the newspaper plant and forcibly expell the editor. There is intense excitement, and many fear that the negroes will attempt to protect Manly, if they do, the worst may be expected.

News From Oak Ridge.

Oak Ridge, N. C. Nov. 9, 1898.

Without disparagement to the glorious work done else where in Guilford County, I wish to call attention to the work of the Oak Ridge democrats. Our organization was perfect. We polled every democratic voter to a man, every doubtful voter, and a number who had heretofore voted with the republicans. Our first poll three weeks ago, showed only 23 democratic majority, our second, 46 with nine doubtful, we closed the day yesterday with a majority above 80, the largest majority ever given in the township. Prof. T. E. Whitaker led the fight, as chairman, but every member of the democratic club worked as if all depended on him. Race lines were closely drawn, only about 27 white men out of 200, voted with the negroes, and only one negro, voted with the democrats. We congratulate the democrats of Old Guilford.

Guilford College Notes.

Below is given a program of the exercises to be given in the entertainment of the Websterian Literary Society next Saturday night, Nov. 12th:

1. Music.
2. President's Address, W. W. Allen, Jr.

7. Music.

The novel and attractive feature of the entertainment will be the sixth exercise. In this will be shown to the public the inner life of the Society. On this account alone the evening will be pleasantly spent. The exercises begin promptly at 7:30 p. m. No admission will be charged and everybody is invited to be present.

Stay Right.

To our friends of eastern North Carolina: Good friends, sweet friends, you have been saved again by the democratic party. Stay with it hereafter. Don't run off after Farmers' Alliances and populism. You were set up in business by the constitutional convention which gave you the late democratic system of county government. You will be set up in business again as a result of the election of Tuesday. Being set right, friends, stay right; stay right.—Charlotte Observer.

A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by, C. E. Holton.

Two sticks of dynamite were carried through the mails from Montana to San Francisco, Cal., addressed to the Turkish Consul.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating tonics. Price, 50c.

The striking pressmen and stero-typers of San Francisco, Cal., did not prevent the publication of the daily papers yesterday.

An Entertaining Druggist

There are a few men more wide awake or enterprising than C. E. Holton, who spares no pains to secure the best of everything in his line for his many customers. He now has the valuable agency for Dr. King's New Discovery for consumption, coughs and colds. This is the wonderful remedy that is producing such a furor all over the country by its startling cures. It absolutely cures asthma, bronchitis, hoarseness and all affections of the throat, chest and lungs. Call at the above drug store and get a trial bottle free or a regular size for 50 cents and 81. Guaranteed to cure or price refunded.

The Greensboro Library.

There will be a meeting of the subscribers to the Greensboro library, in the court house, Tuesday evening Nov. 15th at 7:30 o'clock, for the purpose of effecting a permanent organization. All subscribers and all others interested in the establishment of this much needed institution, are cordially invited and urged to be present. Brief addresses will be made by a number of prominent citizens.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alternative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

THE THIEF SOON CAUGHT.

Stole a Watch and Brought to Bay
in a Jewelry Store.

Yesterday afternoon a colored man
reported to the police that his watch
had been stolen and asked that they
look out for and try to recover it for
him. Officer Scott took a description
of the watch and they set out to notify
the jewelers to watch out for it, as the
thief would most probably have a broken
main spring repaired. Mr. Scott
went to the Tom Rice Jewelry Compa-
ny's while the colored man went
to W. B. Farrar's Son's. And lo and
behold! while Mr. Farrar was
taking a description of the watch
another negro came in to have the
mainspring of his watch repaired.
The first negro lay "mighty low."
But directly he identified his watch and
went to inform the officer. The
latter arrested the thief and placed
him in jail. He gave his name as
John Milton.

BOTH STILL CLAIM IT.

The Outlook Favorable for the Dem-
ocrats.

Special to THE TELEGRAM.

Washington, D. C., Nov. 10. -The
control of the Fifty-sixth Congress is
still in doubt. The indications, how-
ever, which prevailed Tuesday night
and Wednesday morning, that the
Democrats would secure a majority of
the next House still continue, and the
democratic managers are confident
that they will organize the House with
a good working majority. Last night
both of the Congressional committees
were claiming the House, and amid the
conflicting reports it is hard to make
an unbiased estimate. The claims of
the republicans at this time is that 174
republicans are surely elected, with 15
districts in doubt. It will take 179
members to organize the body. Late
returns last night indicated that the
republicans had gained two of the
doubtful districts in Washington, two
in Indiana, and one in Kansas. The
Democrats, according to the latest fig-
ures, have captured from the doubtful
column one district in Indiana and one
in Massachusetts. Should the republi-
cans gain seven more of the doubtful
districts it is figured out that they will
have a straight majority in the next
House.

The democratic committee have not
materially changed their claim as to
control of the House, their latest esti-
mating Democrats 179, Fusionists, Popu-
lists, and Silver Republicans 19, and
Republicans 159, giving the democrats
a majority of one over all.

Out of the claims of both parties, a
careful estimate as to the probable
standing of the next House has been
made from a non-partisan standpoint,
and indicates that thus far 167 republi-
cans are surely elected, 164 democrats
surely elected, and 26 districts are
placed in the doubtful column. The
outlook is most favorable for the dem-
ocrats in these 26 doubtful districts.

The prevailing sentiment last night
was that the democrats and fusionists
would organize the next House.

Republican control of the Senate af-
ter the fourth of March next is con-
ceded. The republicans will elect new
senators in the states of California,
Connecticut, Delaware, Indiana,
Maine, Massachusetts, Michigan, Min-
nesota, Nebraska, New Jersey, New
York, North Dakota, Pennsylvania,
Washington (probably), West Vir-
ginia, Wisconsin, and Wyoming.

The democrats will elect new sena-
tors in Florida, Missouri, Montana,
Tennessee, Texas, Virginia.

Silver republicans or fusionists will
be elected in Nevada and Utah.

This will make the senate stand af-
ter the fourth of March, republicans,
55; democrats, 26; fusionists, 2. In
this estimate Senator Kyle, of South
Dakota, is counted among the republi-
cans.

The result of the election in North
Carolina is pleasing to the congres-
sional committee. Before the election
no one dared to predict more six dem-
ocrats from that state, but it appears
that they have carried eight districts,
with an even chance that White, the
negro congressman, has been defeated
by Lloyd, populist. It is said by
North Carolina people in Washington
today that one of the first acts of the
new legislature will be to frame an
election law which will limit the right
of suffrage among the negro and ig-
norant classes of the population. The
issue was made squarely against domi-
nation of the negro, and the victors
are not likely to be long in taking ad-
vantage of their tremendous majority
in the legislature to frame such an
election law as will rid the state of
danger of another such administration
as has held control for the past two
years.

The opinion was expressed last
night by a gentleman from North Car-
olina that when the legislature meets
in January, Governor Russell and
other fusion officials of the state will
be impeached. He said that with a
two-thirds democratic majority in the
state legislature it ought not to be a
very difficult matter to get rid of the
disgraceful administration in short
order.

It is said that a number of business
men of Richmond, Va., will in the
near future make an effort to estab-
lish a number of new manufacturing
plants in that city. The starting of
the wool-pulp mill, and the new ship-
yards for the construction of torpedo
boats, it is said, will give an impetus
to the movement.

Many persons are passing through
Washington on their way to North
Carolina for the purpose of spending
the winter months, or to engage in
hunting. It is said that the hunting
this year in the state is very fine.

Mr. Bathurst Dangerfield, of Alex-
andria, Va., has gone to North Car-
olina on a hunting trip. He will be
gone for about two weeks.

A democratic ex-senator from the
south is quoted as saying that he did
not care anything about the elections
in New York, or whether the dem-
ocrats or republicans controlled a ma-
jority of the house. As long as the
democrats had won in North Carolina

and as the schemers had failed in
their attempt to fasten negro domina-
tion upon the state he felt like taking
off his hat and shouting.

THE OUTLOOK FAVORABLE FOR THE DEMOCRATS.

Special to THE TELEGRAM.

Washington, D. C., Nov. 10. -The
control of the Fifty-sixth Congress is
still in doubt. The indications, how-
ever, which prevailed Tuesday night
and Wednesday morning, that the
Democrats would secure a majority of
the next House still continue, and the
democratic managers are confident
that they will organize the House with
a good working majority. Last night
both of the Congressional committees
were claiming the House, and amid the
conflicting reports it is hard to make
an unbiased estimate. The claims of
the republicans at this time is that 174
republicans are surely elected, with 15
districts in doubt. It will take 179
members to organize the body. Late
returns last night indicated that the
republicans had gained two of the
doubtful districts in Washington, two
in Indiana, and one in Kansas. The
Democrats, according to the latest fig-
ures, have captured from the doubtful
column one district in Indiana and one
in Massachusetts. Should the republi-
cans gain seven more of the doubtful
districts it is figured out that they will
have a straight majority in the next
House.

The democratic committee have not
materially changed their claim as to
control of the House, their latest esti-
mating Democrats 179, Fusionists, Popu-
lists, and Silver Republicans 19, and
Republicans 159, giving the democrats
a majority of one over all.

Out of the claims of both parties, a
careful estimate as to the probable
standing of the next House has been
made from a non-partisan standpoint,
and indicates that thus far 167 republi-
cans are surely elected, 164 democrats
surely elected, and 26 districts are
placed in the doubtful column. The
outlook is most favorable for the dem-
ocrats in these 26 doubtful districts.

The prevailing sentiment last night
was that the democrats and fusionists
would organize the next House.

Republican control of the Senate af-
ter the fourth of March next is con-
ceded. The republicans will elect new
senators in the states of California,
Connecticut, Delaware, Indiana,
Maine, Massachusetts, Michigan, Min-
nesota, Nebraska, New Jersey, New
York, North Dakota, Pennsylvania,
Washington (probably), West Vir-
ginia, Wisconsin, and Wyoming.

The democrats will elect new sena-
tors in Florida, Missouri, Montana,
Tennessee, Texas, Virginia.

Silver republicans or fusionists will
be elected in Nevada and Utah.

This will make the senate stand af-
ter the fourth of March, republicans,
55; democrats, 26; fusionists, 2. In
this estimate Senator Kyle, of South
Dakota, is counted among the republi-
cans.

The result of the election in North
Carolina is pleasing to the congres-
sional committee. Before the election
no one dared to predict more six dem-
ocrats from that state, but it appears
that they have carried eight districts,
with an even chance that White, the
negro congressman, has been defeated
by Lloyd, populist. It is said by
North Carolina people in Washington
today that one of the first acts of the
new legislature will be to frame an
election law which will limit the right
of suffrage among the negro and ig-
norant classes of the population. The
issue was made squarely against domi-
nation of the negro, and the victors
are not likely to be long in taking ad-
vantage of their tremendous majority
in the legislature to frame such an
election law as will rid the state of
danger of another such administration
as has held control for the past two
years.

The opinion was expressed last
night by a gentleman from North Car-
olina that when the legislature meets
in January, Governor Russell and
other fusion officials of the state will
be impeached. He said that with a
two-thirds democratic majority in the
state legislature it ought not to be a
very difficult matter to get rid of the
disgraceful administration in short
order.

It is said that a number of business
men of Richmond, Va., will in the
near future make an effort to estab-
lish a number of new manufacturing
plants in that city. The starting of
the wool-pulp mill, and the new ship-
yards for the construction of torpedo
boats, it is said, will give an impetus
to the movement.

Many persons are passing through
Washington on their way to North
Carolina for the purpose of spending
the winter months, or to engage in
hunting. It is said that the hunting
this year in the state is very fine.

Mr. Bathurst Dangerfield, of Alex-
andria, Va., has gone to North Car-
olina on a hunting trip. He will be
gone for about two weeks.

A democratic ex-senator from the
south is quoted as saying that he did
not care anything about the elections
in New York, or whether the dem-
ocrats or republicans controlled a ma-
jority of the house. As long as the
democrats had won in North Carolina

and as the schemers had failed in
their attempt to fasten negro domina-
tion upon the state he felt like taking
off his hat and shouting.

Story

There was a farmer had two sons. And these two sons were brothers.

One of them bought his clothes of us, our neighbor caught the other.

And now the boy we fitted out is dapper, neat and chatty,

The other--Well, it's hard, but still--he looks a little ratty.

Moral

Don't buy the inferior quality when you get from us superior quality, superior make and excellent fitting garments for a small price.

A story is always interesting, if it is well written. Then comes the moral which is some times as interesting as the story. You can find both in the ad of Matthews, Chisholm & Stroud.

A train of troops enroute to South Carolina to go into winter quarters passed over the C. F. & Y. V. about 2:30 this afternoon. A hospital train for Jacksonville passed through over the Southern at the same time.

If persons, after attending the entertainment at the Academy of Music tonight, will make their way to Hagan's Auditorium they will find the Chrysanthemum Show still open, and the ladies prepared to serve the delicacies of the season.

Mr. J. Nathaniel Steed, a proof reader in the government printing office at Washington, is in the city visiting his sister, Mrs. J. L. Winningham, on West Sycamore street. Mr. Steed is an old Greensboro boy, and learned to get type in Asheboro, twenty-five years ago.

Leonzo Brothers' New York Company arrived in the city this morning from Danville, and will play at the Academy for the three remaining nights of this week. The company is composed of eleven people and the papers everywhere they show speak of them as good actors with good plays.

A little scrap took place between two prominent men, near the court house yesterday afternoon. An old grudge was dug up and the conversation went from warm to hot and finally a walking cane was brought to play on the head of one of the participants. The scrap ended when the cane was broken and order was restored.

A. E. Holton, who is chairman of what is left of the republican party, passed through last night en route to Winston, where the good news will net torture him. Really, Mr. Holton, it looks as if the only republicans left are those on the ticket and they are badly and hopelessly left. "Hold up your head if you do die hard," boys.

Reefton, New Zealand, Nov. 23, 1896. I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good result they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

Juniors Defeated.

The game of football yesterday between the Greensboro Juniors and the Reidsville team, on the latter's ground resulted in the close score of 5 to 0, in favor of Reidsville. Our boys were surprised when they saw the opposing team was composed of mostly grown men, five of whom were from Danville. It was a close, exciting game, and developed some splendid playing. Watkins, of Danville, made Reidsville's touchdown in the first half and after that, neither team scored. Reidsville easily broke through Greensboro's center at every attempt, but could not make much progress otherwise.
